Daniel Aleksandrovych

FRONTEND DEVELOPER

About me

Being a student of one of the higher educational institutions of Ukraine (over a year ago) I started studying HTML. After CSS and other technologies related to web development. At the moment I have projects made using these technologies.

Experience and courses

Course in Wayup (project):
<https://courseweb.netlify.app/>

Courses in ITVDN (certificates):
<https://daniel-aleksandrovych-resume.netlify.app/sertificates.html>

Projects

- Thrivetalk (HTML, CSS):
<https://incomparable-bavarois-c9413e.netlify.app/>
- Food delivery (HTML, CSS, JavaScript, jQuery):
<https://foodsdelivery.netlify.app/>
- Bridge (HTML, CSS, JavaScript, jQuery):
<https://bridge3.netlify.app/>
- React App (React, [on github]):
<https://github.com/Fhgdethg/desktop>
- Todo-time-calc (React, [on github]):
<https://github.com/Fhgdethg/todo-time-calc>
- Todo App (React, Redux Toolkit, createAsynkThunk, tailwindCss, [on github]):
<https://github.com/Fhgdethg/react-redux-toolkit-todo>
- Example (React, Typescript, Redux Toolkit, RTK Query, tailwindCss [on github]):
<https://github.com/Fhgdethg/react-redux-toolkit-todo>
